

Academic Quality Assurance at Post-Secondary Institutions in Ukraine

External quality assurance of education in Ukraine

- Role of the Ministry of Education and Science and the State Inspectorate of Educational Institutions
- Creation of the National Quality Assurance Agency for Higher Education

Internal quality assurance in Ukrainian higher education: the legacy of the Stalinist era?

Center for Quality Assurance at Kyiv-Mohyla Academy (KMA)

- Provision of real instruments for the internal quality control and assurance at the National University of Kyiv-Mohyla Academy (KMA)
- Creation of the best model of internal academic quality assurance, applicable for other Ukrainian universities.

Activities of the Center for Quality Assurance at KMA

1. Students surveys on the quality of teaching and quality of the study programs and courses;
2. Faculties member surveys on the academic process organization and on the University management quality;
3. Employers surveys on the quantity and quality of knowledge and skills they request from their new employees, quality of the KMA graduates in particular;
4. KMA alumni surveys about the quality and impact of the educational experiences at NaUKMA. This survey will also collect the KMA graduates' suggestions on the possible improvements of the KMA educational process;

Activities of the Center for Quality Assurance at KMA

5. Participation in the improvement of KMA study programs also planned be important part of the Center's activity;
6. It will be responsible for academic integrity issues at the KMA;
7. Additionally the Center will gather statistic information about the University performance, e.g. its participation in the national and international rankings, dynamics of the students and faculty quality, violations of academic integrity.

Thank you for your attention!
